Subj: STABILITY OF M/V TAXI-TOOO, O. N. 579 874

Dear Sir:

A stability test, supervised by the Coast Guard in accordance with 46 CFR 171.030, was performed on the M/V TAXI-TOOO, at Garibaldi, Oregon, on 24 April 1990. On the basis of this test, stability calculations have been performed. Results indicate that the M/V TAXI-TOOO, as presently outfitted and equipped, subject to the restrictions specified below, and has satisfactory stability for the carriage of thirty-three (33) passengers on exposed waters, under all reasonable operating conditions. Since the passenger capacity and route are based on other criteria as well as stability and may be further limited thereby, you are cautioned that:

THE MAXIMUM PASSENGERS ALLOWED AND TOTAL PERSONS ALLOWED SHALL BE AS SPECIFIED ON THE CERTIFICATE OF INSPECTION.

The following restrictions apply:

- a. The superstructure shall not be altered without authorization and supervision of the cognizant Officer in Charge, Marine Inspection.
- b. Bulkheads and structure shall not be removed or altered without authorization and supervision of the cognizant Officer in Charge, Marine Inspection.
- c. No permanent ballast or other weights shall be added, removed, altered and/or relocated without authorization and supervision of the cognizant Officer in Charge, Marine Inspection.
- d. Bilges shall be kept pumped to a minimum content.
- e. It shall be the responsibility of the licensed master to maintain the vessel in a satisfactory stable condition at all times.

This stability letter shall be posted under glass or other suitable transparent material in the pilot house of the subject vessel.

Sincerely,

MAILED
MAY 18 1990
